EXPERIENCE

Routa Digital India

Full Stack Developer

Noida, India. (Remote)

Mar 2024 - Jun 2025

- Led end-to-end full-stack development using React, Next.js, Node.js, Django, and PostgreSQL.
- Designed and optimized REST APIs and microservices for scalability.
- Collaborated with product teams to deliver high-performance web applications.
- Implemented authentication, authorization, and role-based access controls.
- Debugged and resolved production issues to improve system reliability.

Green Story

Full Stack Developer

Bengaluru, India. (Remote)

Jan 2023 - Mar 2024

- Developed sustainability-focused supply chain tools using NestJS, NodeJS APIs and Next.js UI.
- Built data-driven dashboards and lifecycle assessment modules.
- Integrated third-party APIs for supply chain traceability.
- Collaborated with cross-functional teams to ensure smooth product delivery.

Routa Digital & Wonder Pillars

Software Developer

Noida, India. (Remote)

Oct 2021 - Jan 2023

- Delivered MERN based solutions to multiple clients.
- Integrated third-party APIs (payment gateways, Maps) with Node.js/Express.
- Wrote clean, reusable, and optimized code for backend services.
- Participated in client discussions and requirement analysis.

IWAYYY Technology Solutions

Software Developer

Vaniyambadi, Tamil Nadu, India. (On Side)

Jul 2018 - Oct 2021

- Built web applications using React.js, PHP, and Node.js.
- Developed and maintained database schemas in MySQL.
- Implemented responsive UI for internal and client-facing applications.
- Assisted in deploying applications and troubleshooting production issues.

Farida Groups

Hardware & Network Support Engineer

Ambur, Tamil Nadu, India. (On Side)

Oct 2016 - Jun 2018

- Provided IT infrastructure support for desktops, networks, and servers.
- Handled hardware troubleshooting, OS installation, and software support.
- Ensured system availability and security compliance.
- Resolved user queries and trained staff on IT systems.
